## Air Quality Alert

503 PM PDT Wed Oct 7 2020

**This Air Quality Alert is in effect until the fires are extinguished.**

The Air Quality Alerts issued by the Mariposa County and Tuolumne County Air Pollution Control Districts remain in effect, due to smoke impacts from surrounding wildfires for Mariposa and Tuolumne Counties.

This Air Quality Alert is in effect until Friday afternoon.

Exposure to particle pollution can cause serious health problems, aggravate lung disease, cause asthma attacks and acute bronchitis, and increase risk of respiratory infections.

Residents are advised to use caution as conditions warrant. People with heart or lung diseases should follow their doctor's advice for dealing with episodes of unhealthy air quality.

Additionally, older adults and children should avoid prolonged exposure, strenuous activities or heavy exertion, as conditions dictate.

For additional information, call your local Air District office. Tuolumne County 209-533-5691, Mariposa County 888-777-0377.
